

# DEXPI Information Model

## Status of “structural models” in Process Industry

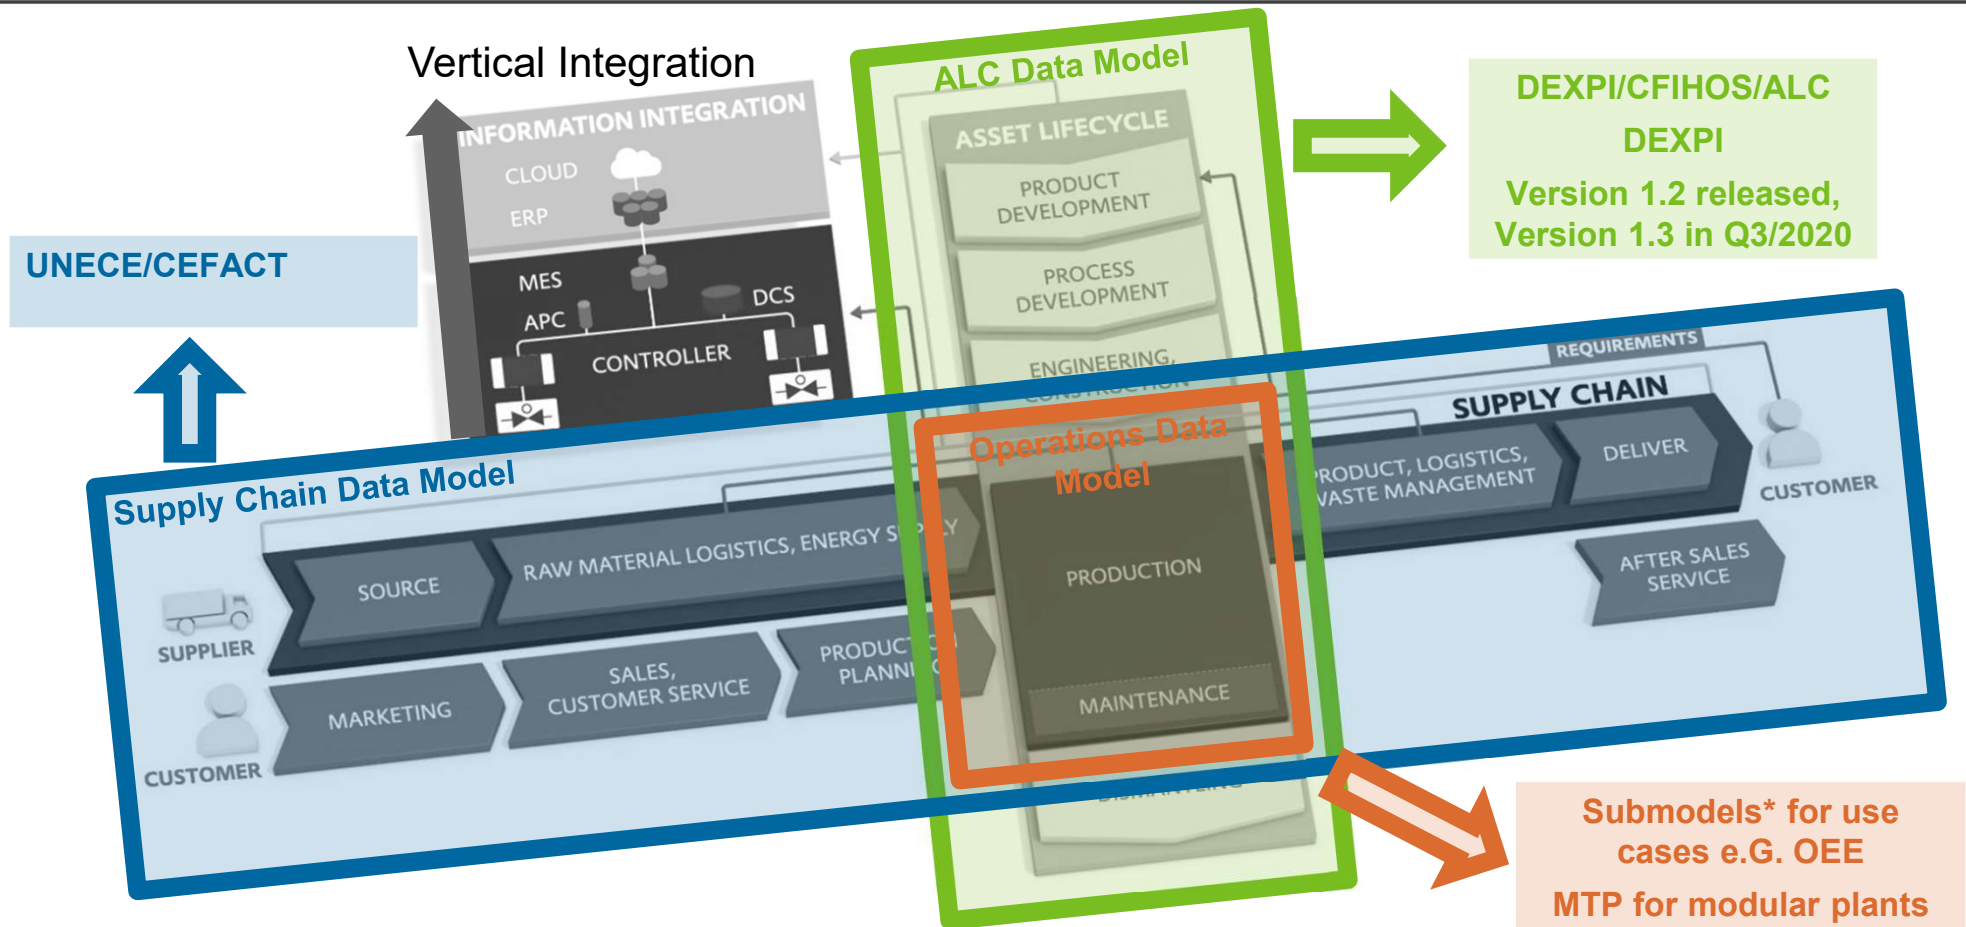

Wilhelm Otten  
Head of DEXPI Networking Team  
Date: 2022-02-23

Project: DEXPI as submodel of AAS

It is all about Safety, Sustainability, Efficiency and Flexibility in the main business processes “Supply Chain” & “Asset Lifecycle”

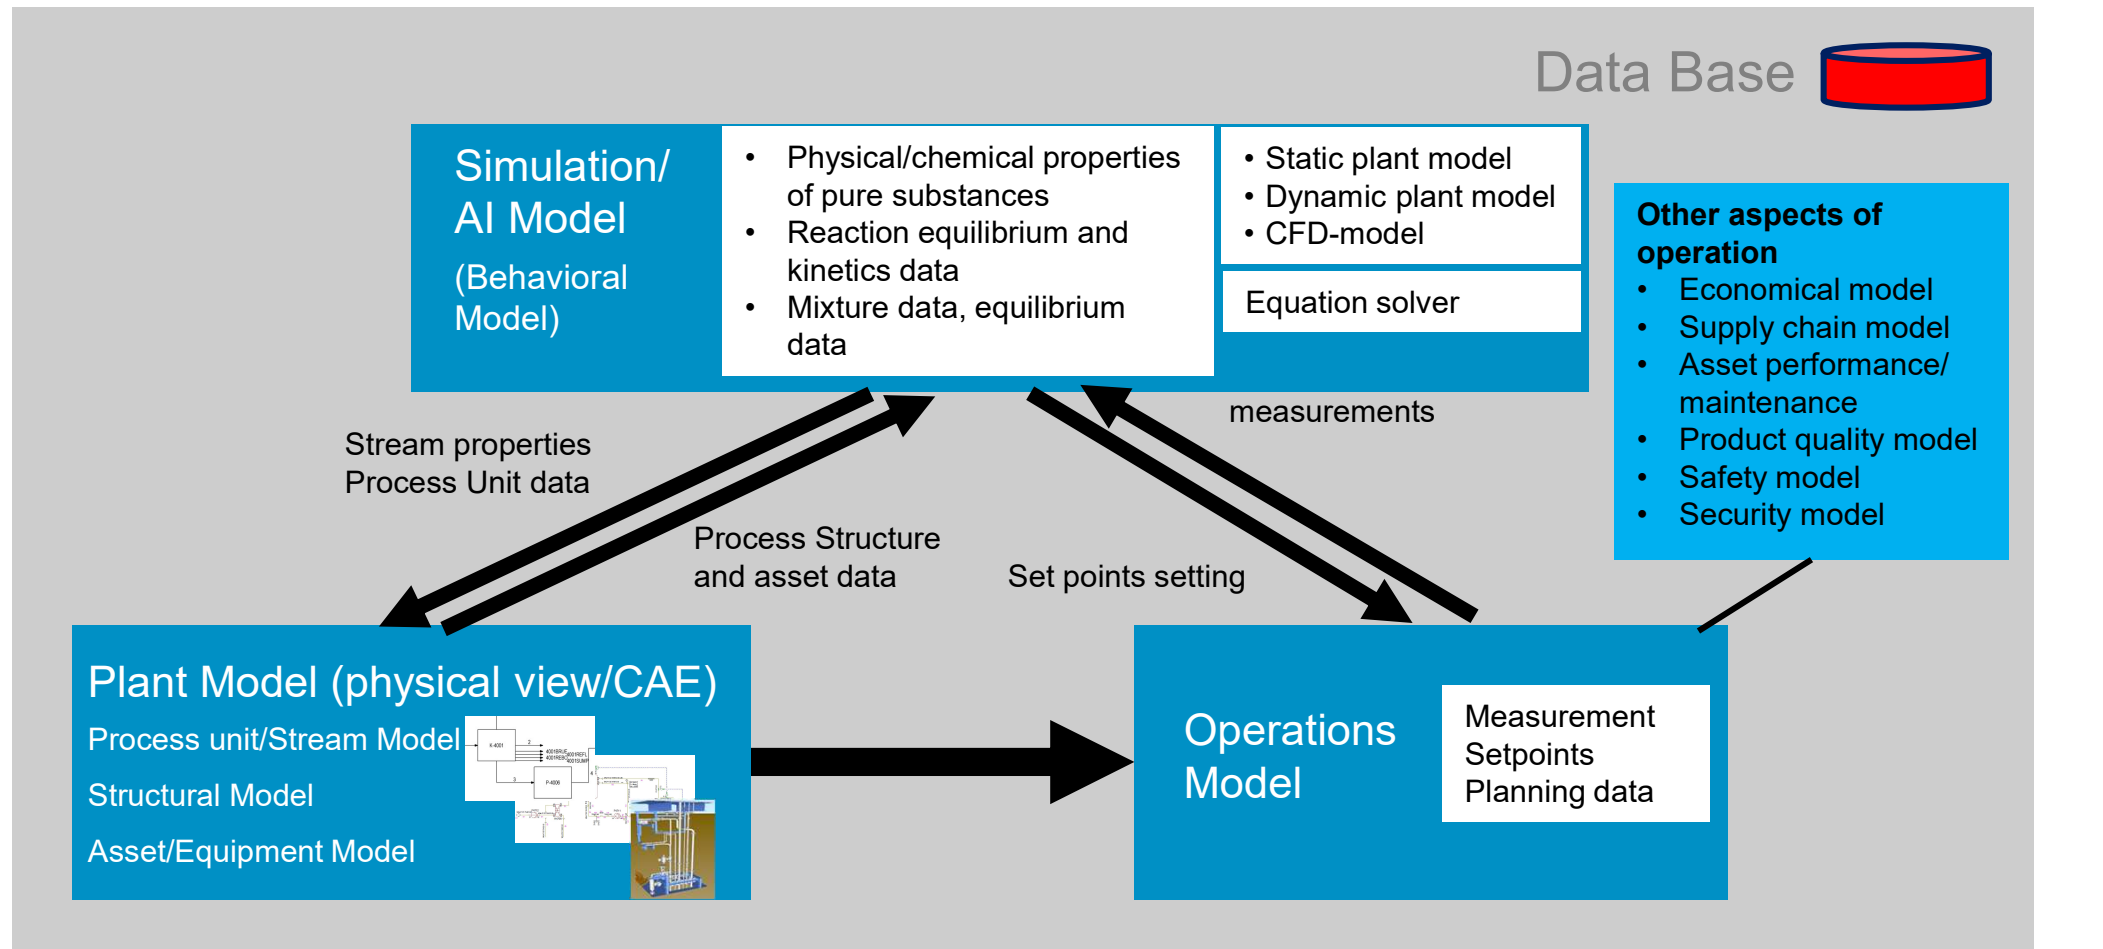

# Business Processes

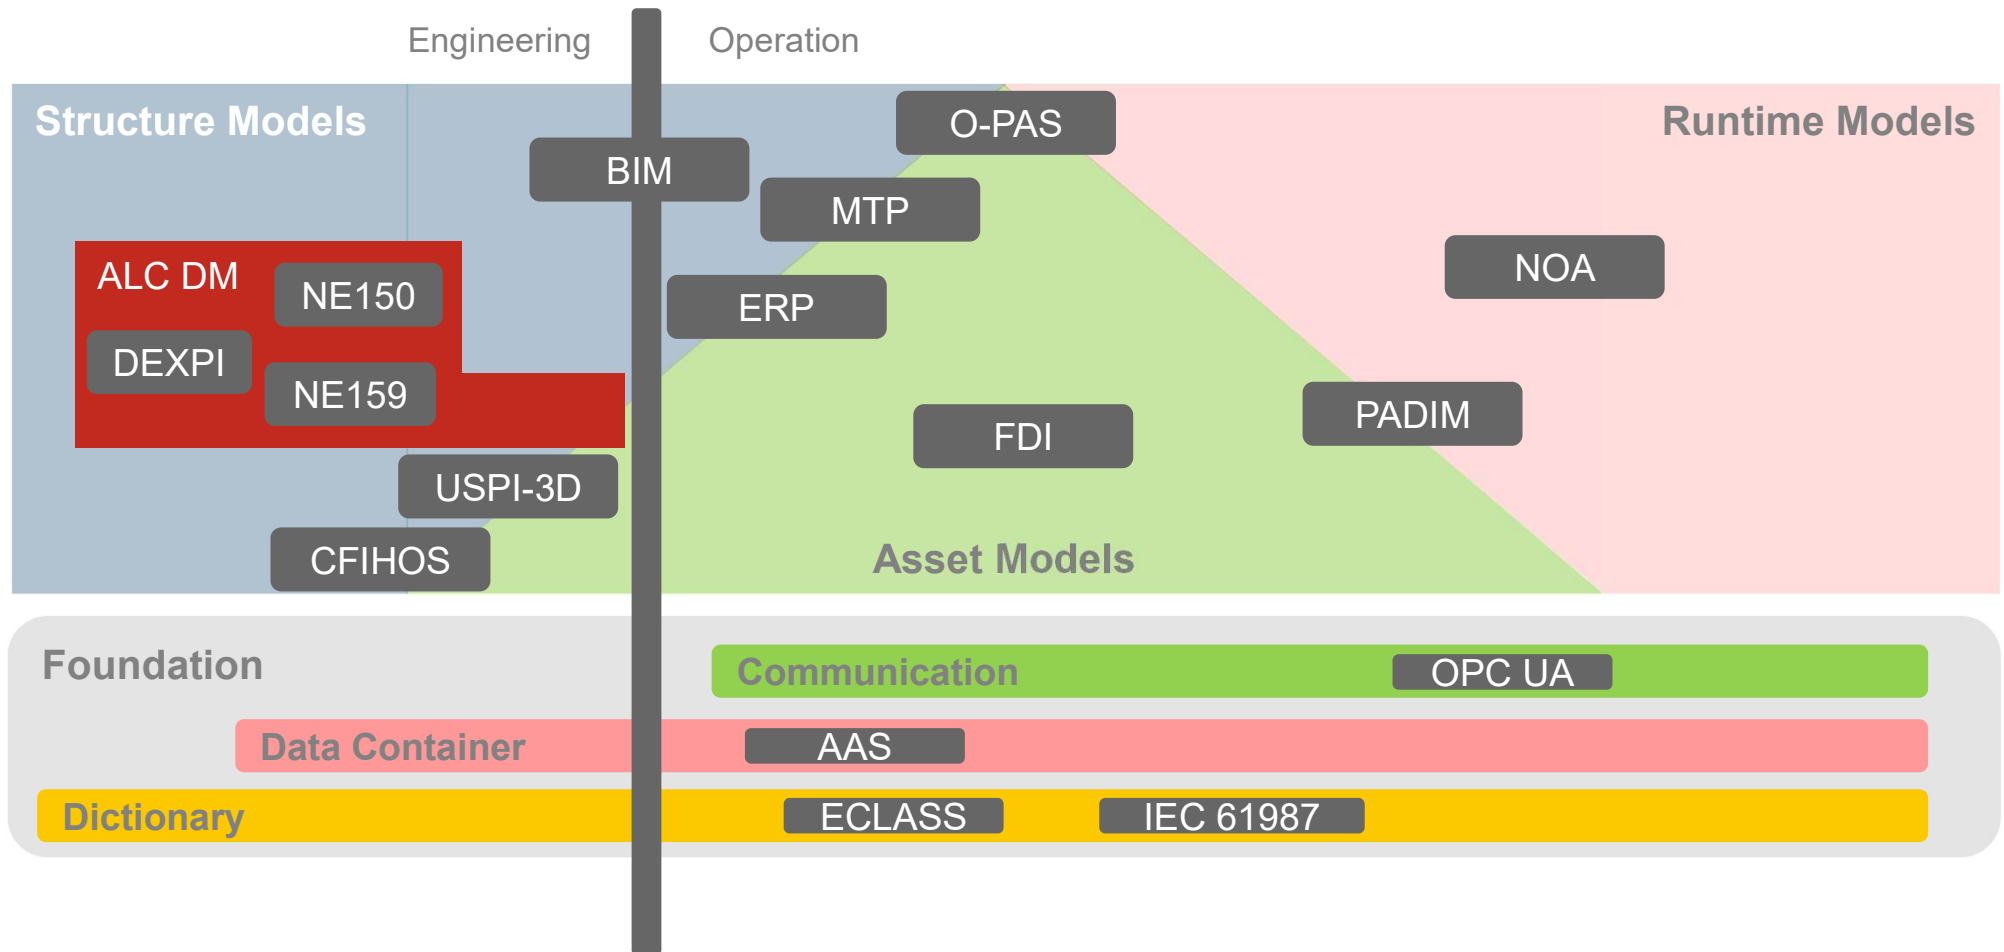

\* MTP is an operational model

# What is a digital twin (information model) in process industry?

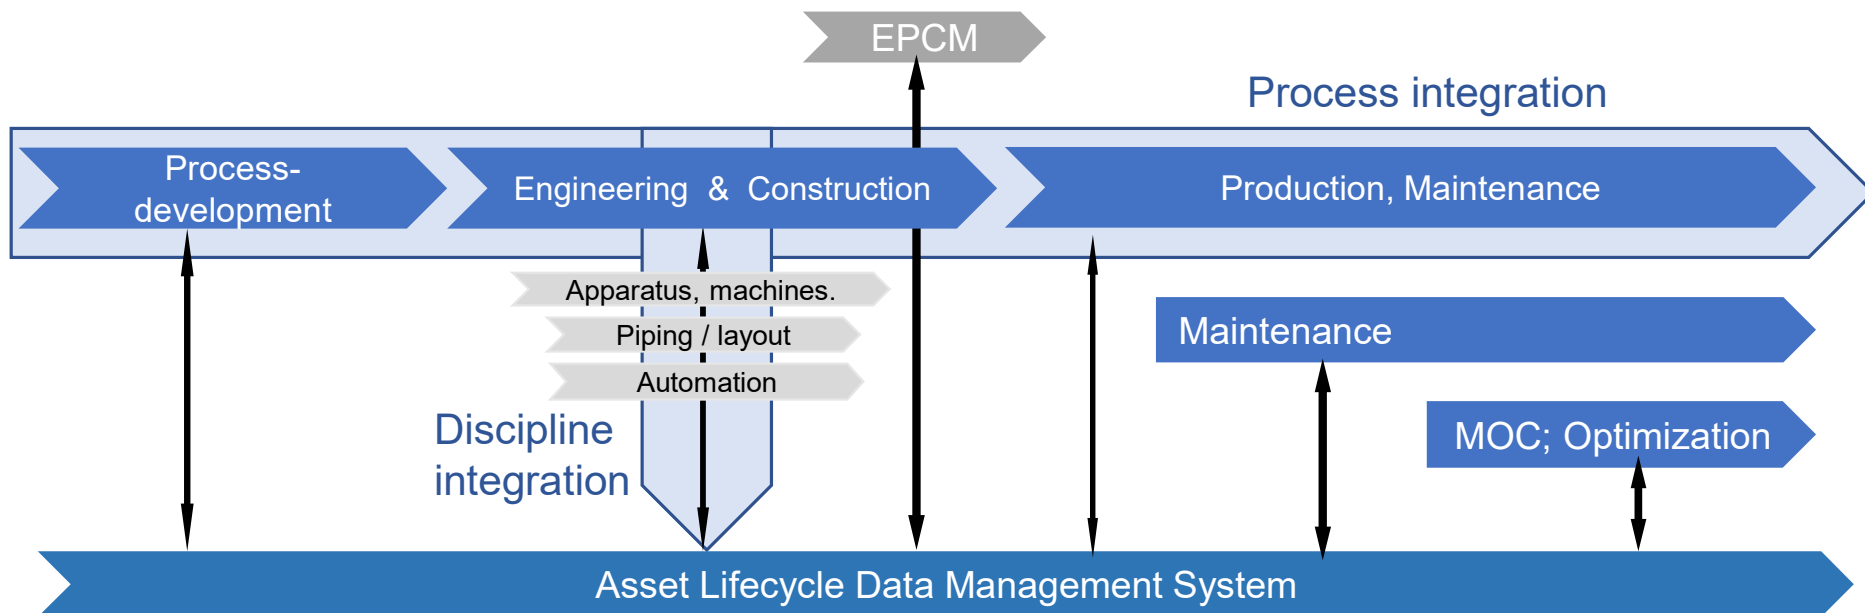

# V2 optimiert

Being faster and more efficient in investment projects as well as plant engineering and maintenance

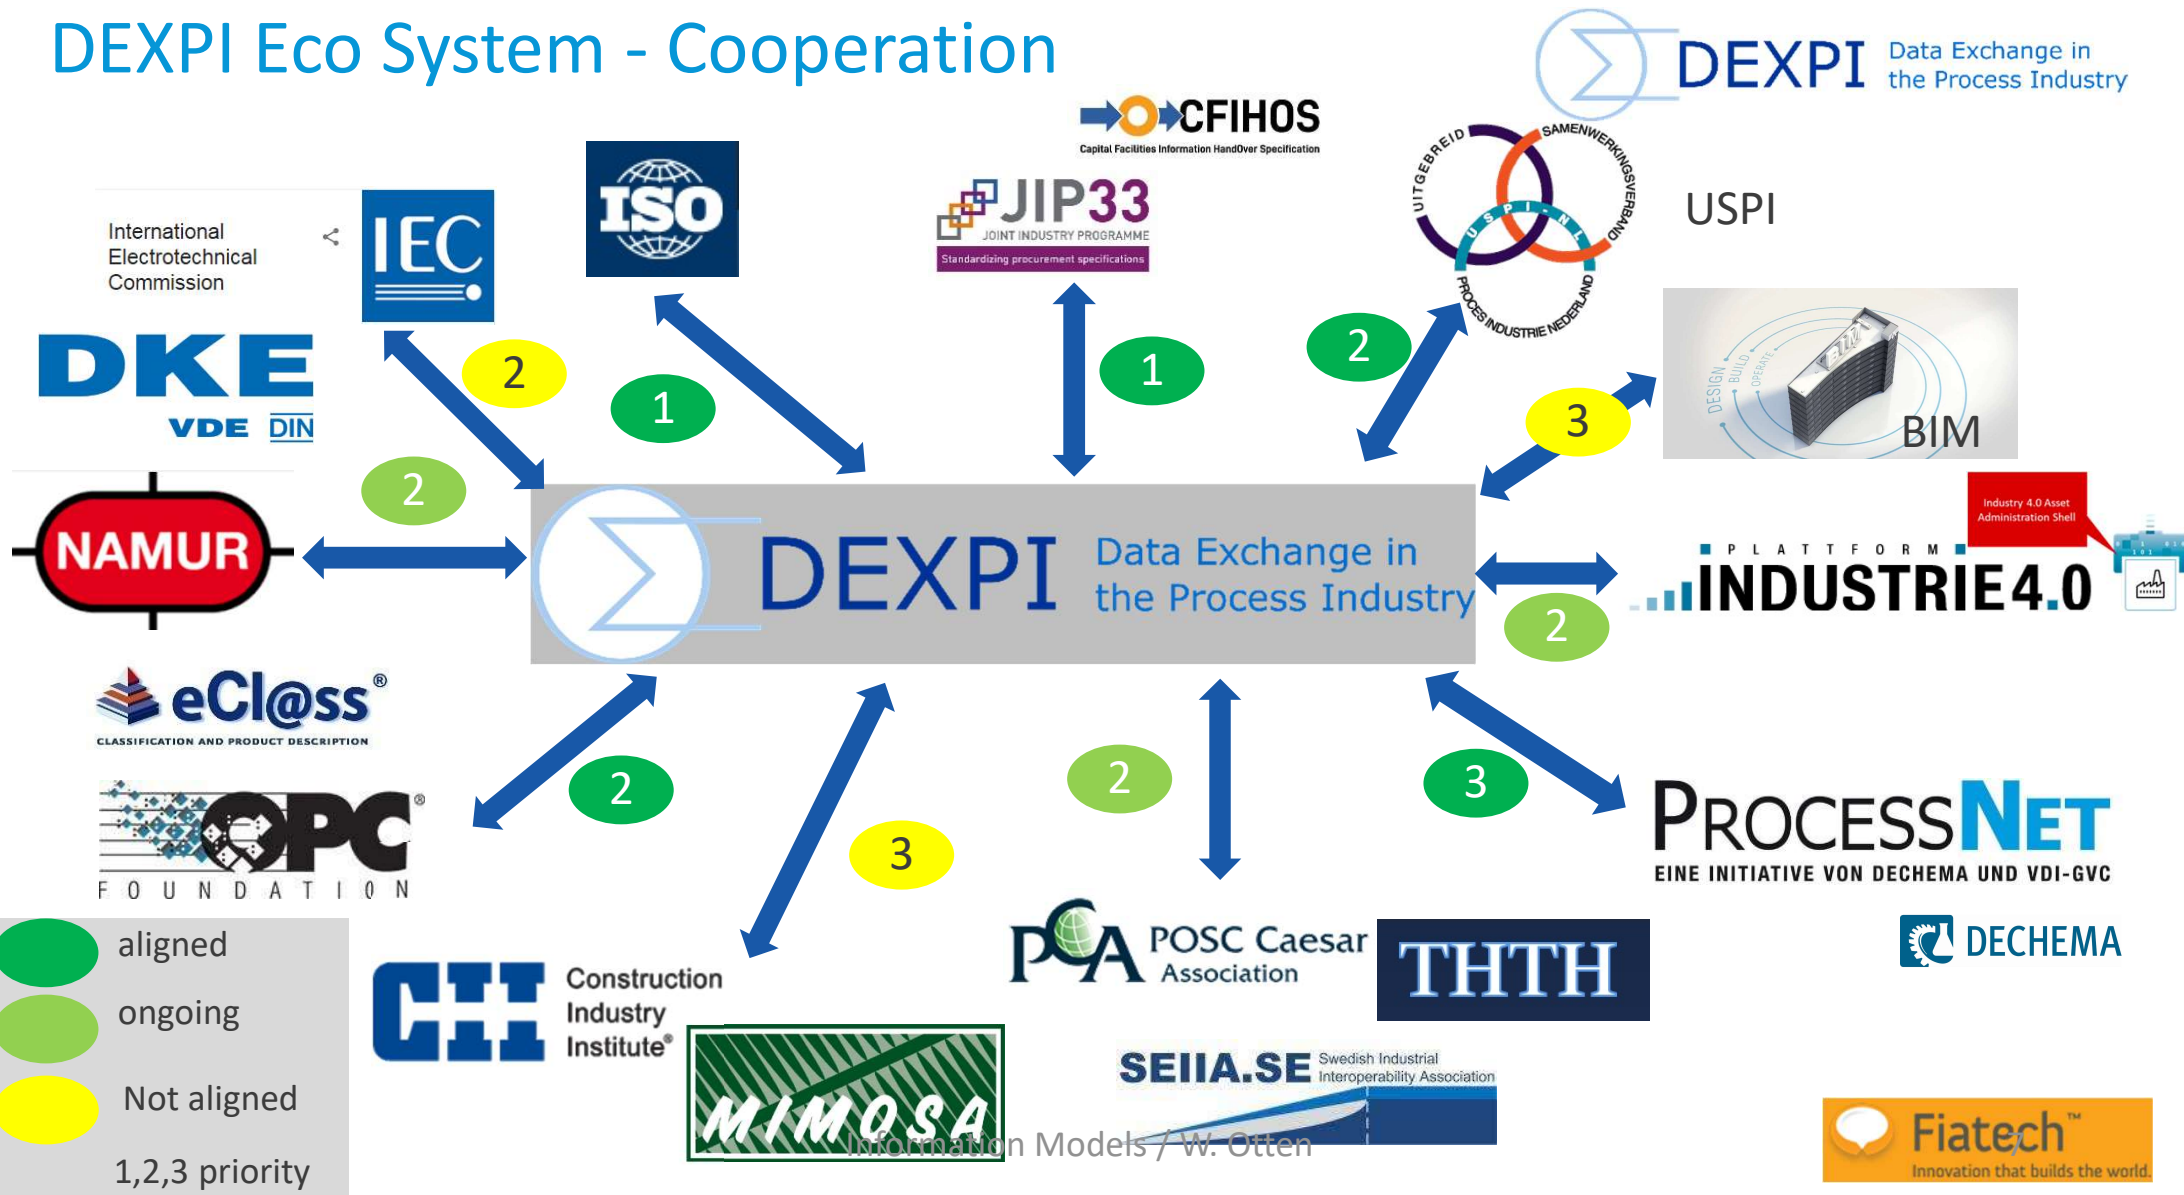

Integration along the process and across the disciplines by using one single Asset Lifecycle Data Management System

## Asset-Lifecycle

Integrating and  
Extending standards  
Applying and  
integration of standards

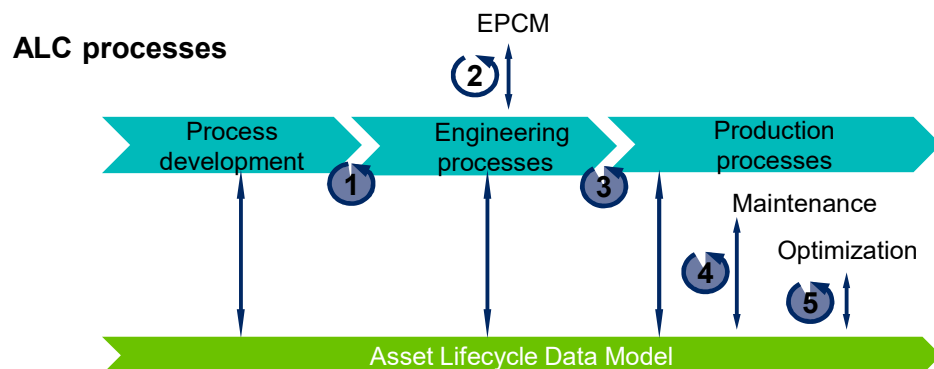

## Asset Life Cycle

Work in progress

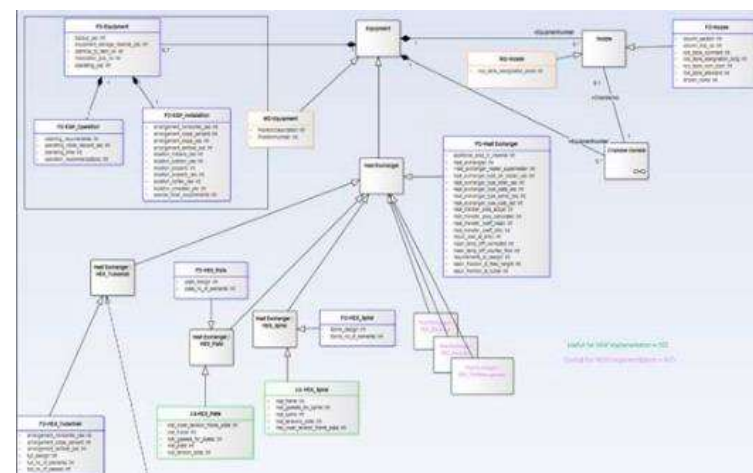

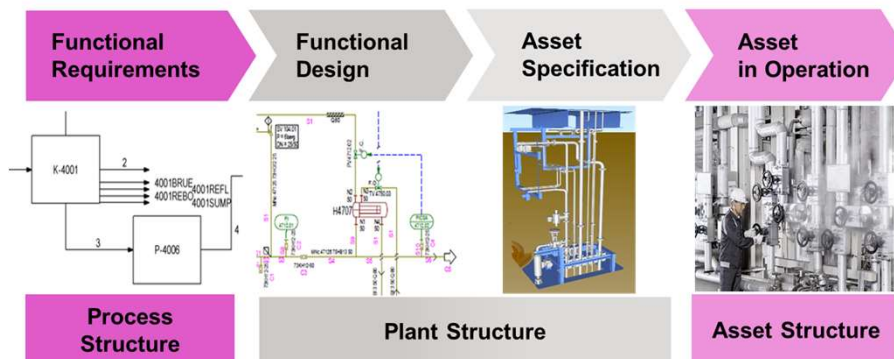

One integrated data model/base and CAE-landscape using this common data model/base

# Asset Lifecycle Data Model based on DEXPI enables efficient integrated engineering along the asset life cycle

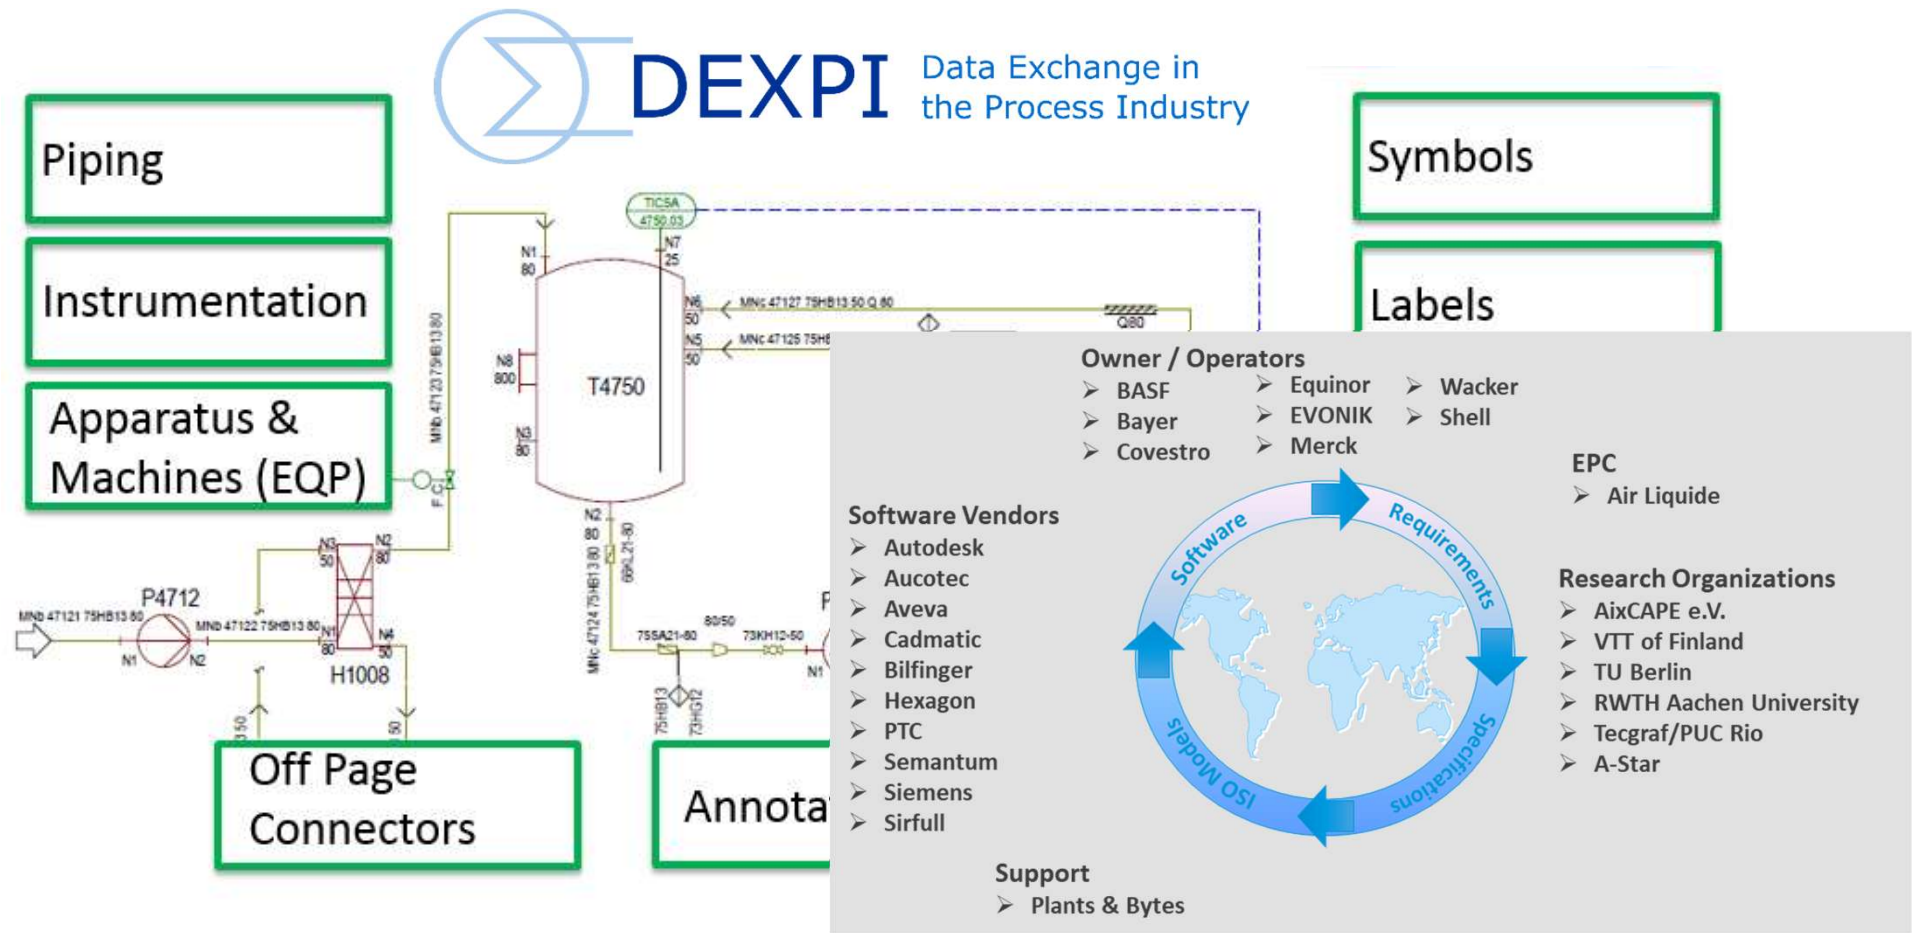

**DEXPI** General exchange standard for the process industry based on ISO 15926  
 Extended to an open, international information model for the entire plant life cycle

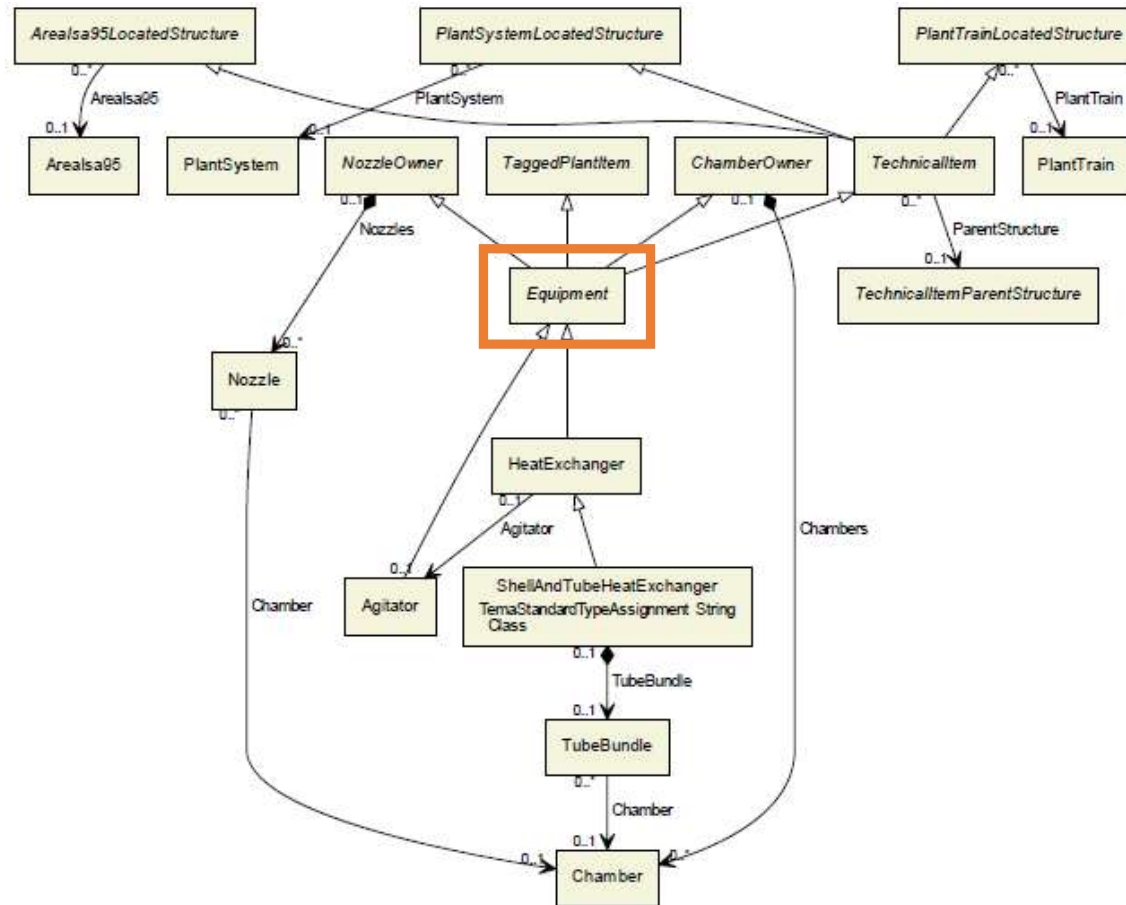

# Data Exchange challenges for P&IDs

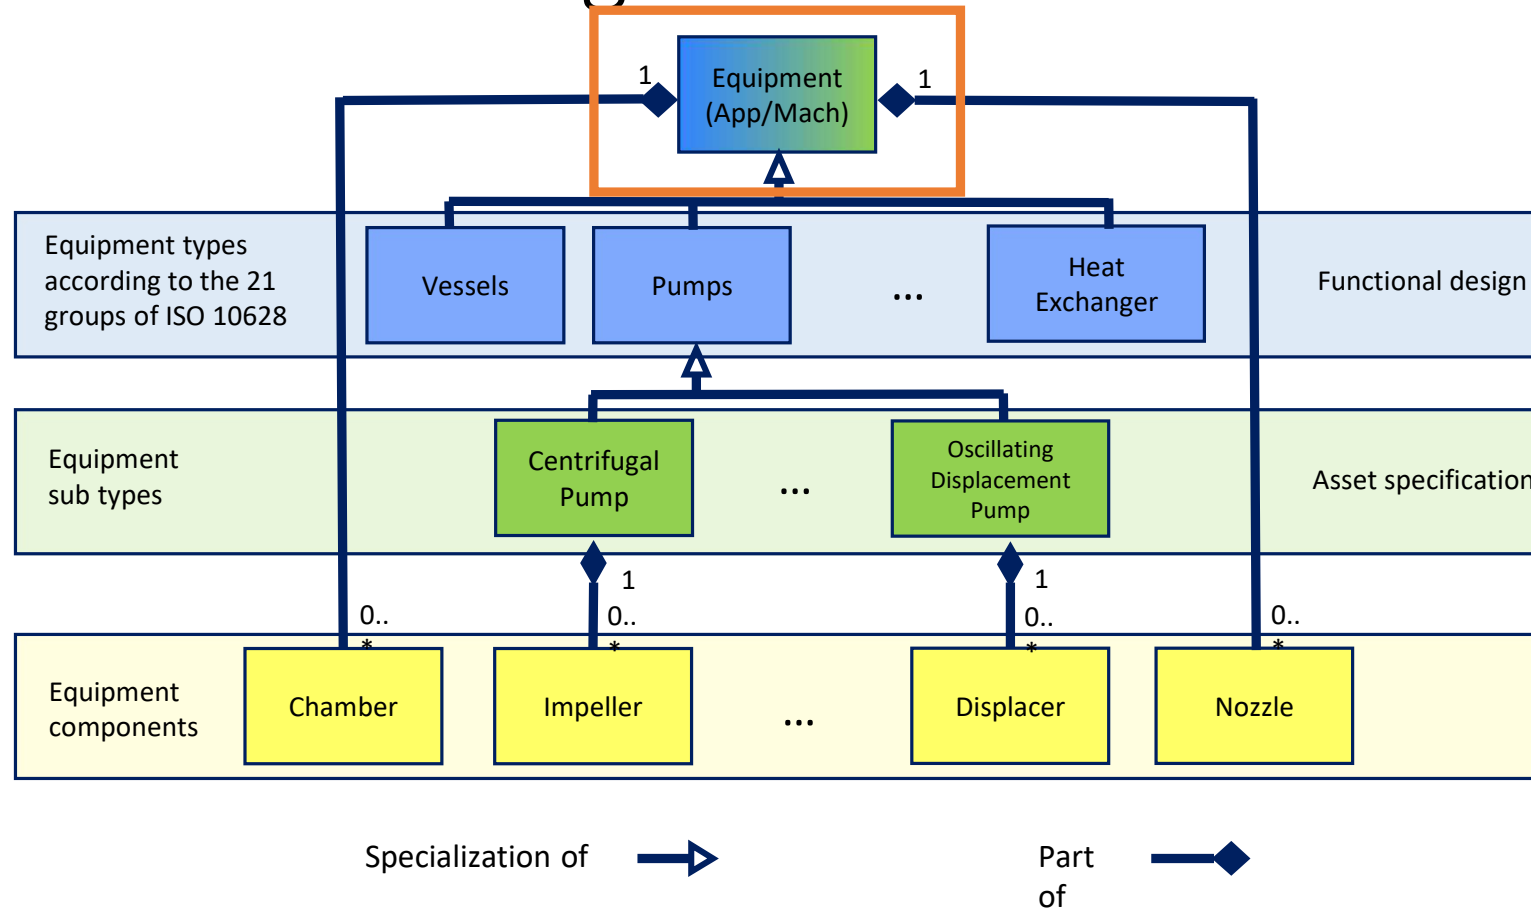

## General exchange standard for the process industry based on ISO 15926

# Back- up

# Back- up

# DEXPI and the ENPRO lifecycle model

The asset lifecycle is separated into four aspects with three underlying data structures

**Functional Requirements**

**Functional Design**

**Asset Specification**

**Asset in Operation**

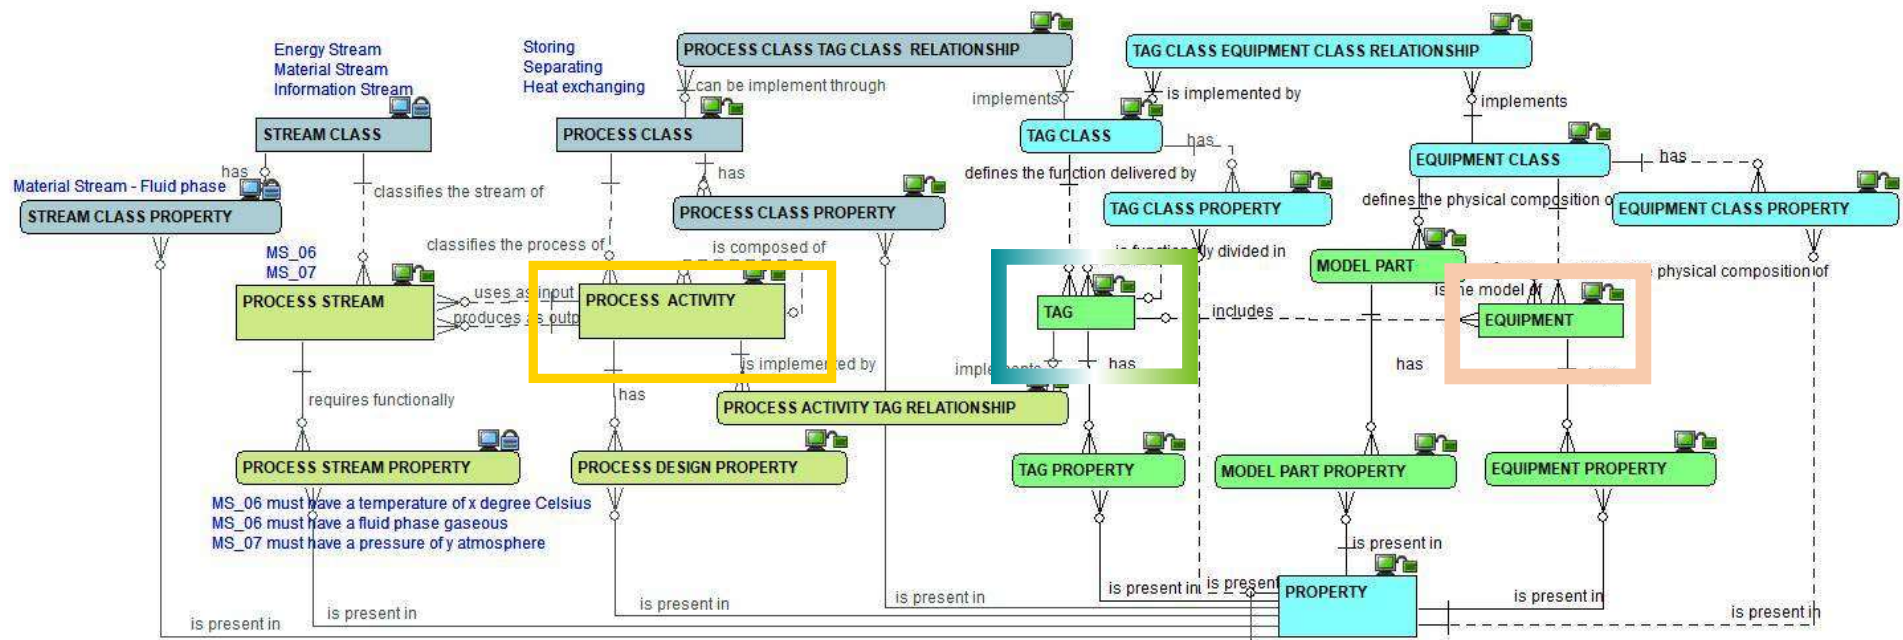

**Process Structure**

**Plant Structure**

**Asset Structure**

# „Lifecycle“ in CFIHOS (Entwurf)

# Digital TWIN in Process Industry

## Asset Life Cycle Data Models

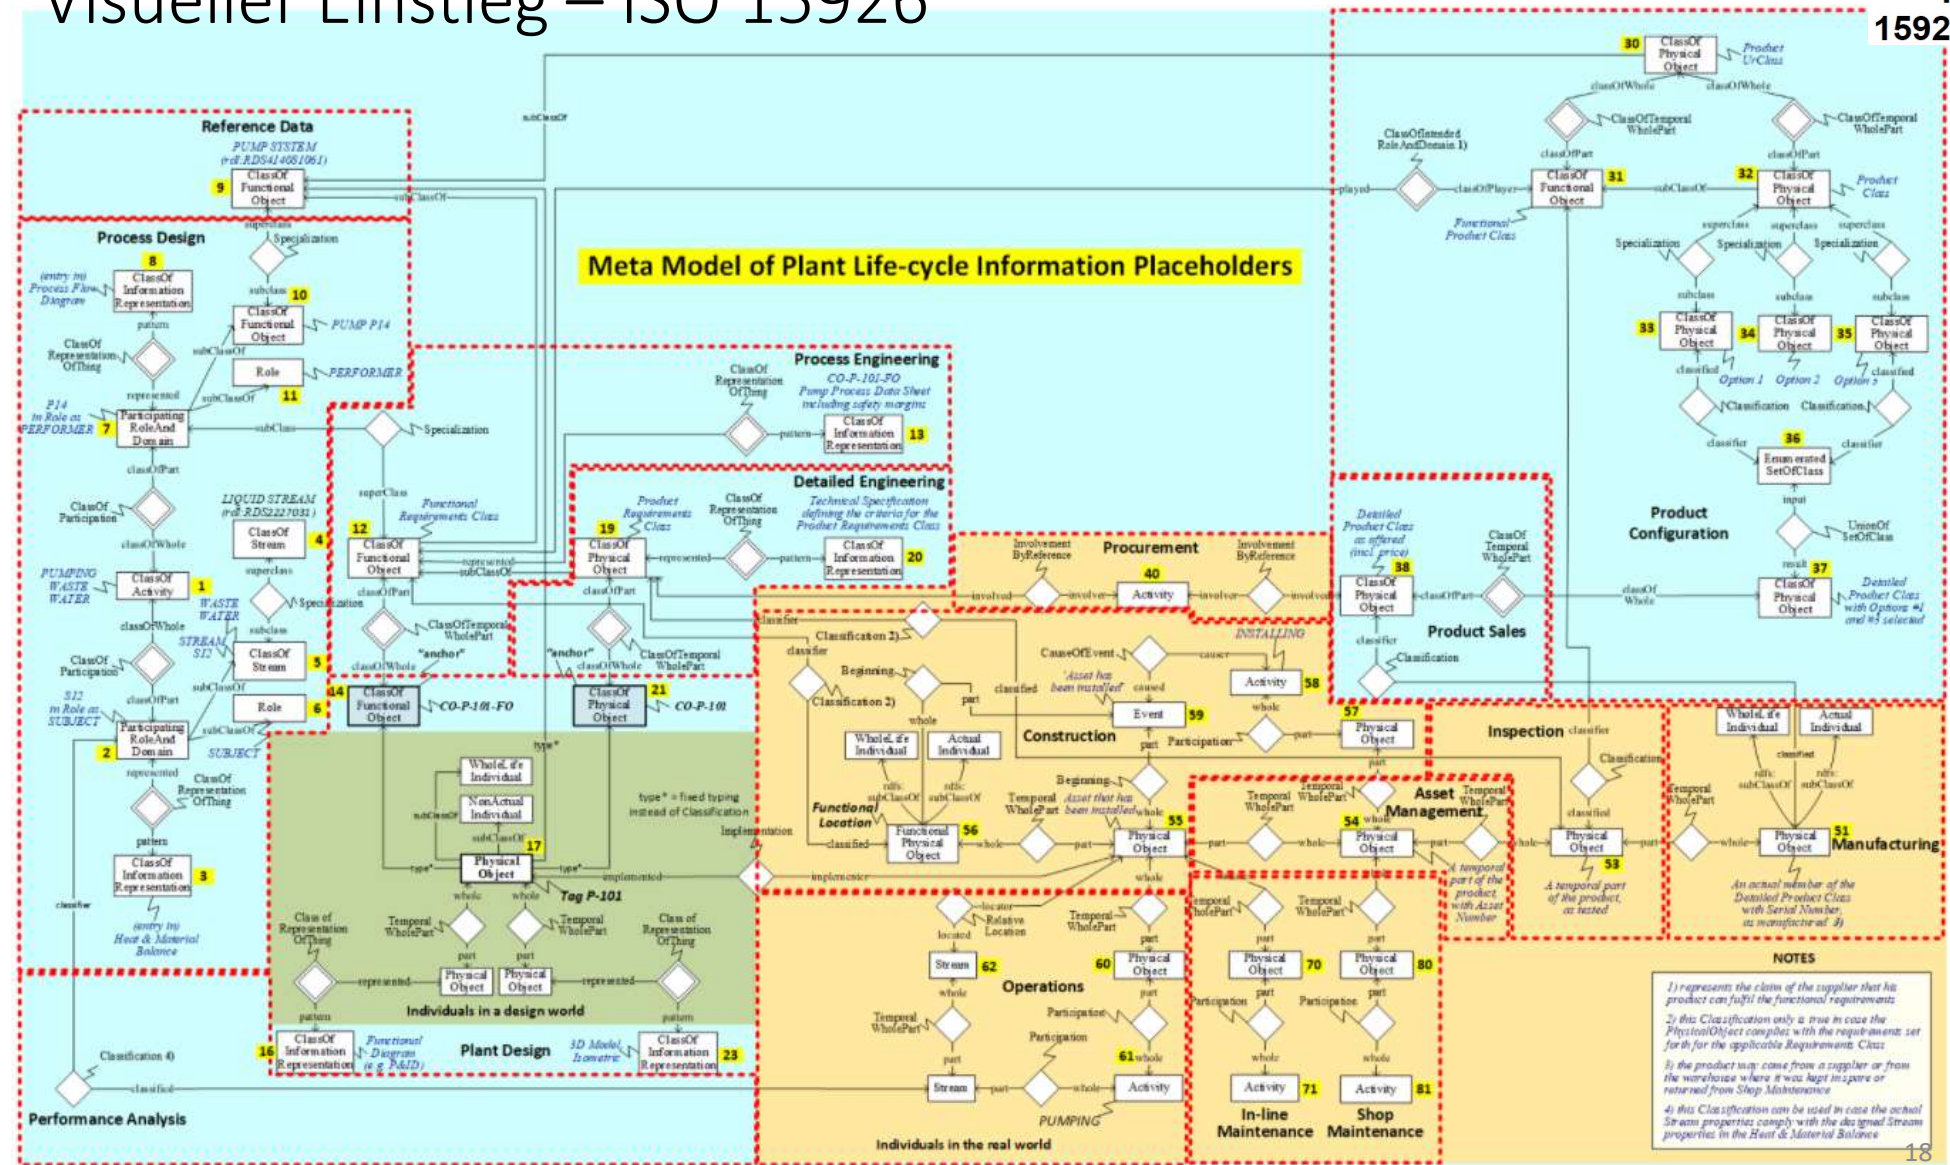

AAS/Ind4.0	not in scope?	Plant Structure (DEXPI) Functional Design      Asset Spec. / Role	Type/Instance
SAP/PM	not in scope	Functional Location	Equipment
CFIHOS/JIP36	will be added	Tag Functional Design      Asset Specification	Equipment
DEXPI concept Evonik ALCDM	Process structure	Plant Structure Functional Design      Asset Specification	Asset structure (in operation)
DEXPI P&ID	not in scope	Plant Structure Functional Design      Asset Specification	not in scope
ISO 15926	Functional      InanimatePhysical		
materialized?	no      yes		

# Visueller Einstieg – ISO 15926

ISO  
15926-2

(3) DEXPI – OPC-UA  
Companion specification available

**OPC Unified Architecture  
for  
DEXPI 1.2  
Companion Specification  
Release Candidate 1.00.0  
September 2020**
